

Amit Panda, *Head of Analytics COE (Center of Experience)*, **XL Axiata**, Indonesia

Amit is head of Analytics Centre of Excellence at PT XL Axiata, Indonesia. He spearheads XL's advanced and big data analytics initiatives, provide knowledge, assets & guidance to business and enables implementation to accelerate adoption and value realization.

His responsibility includes developing roadmap on how analytics will facilitate and open new frontiers to improve decision making and internal monetization. He's also responsible for developing analytics infrastructure, tools & best practices, ensure data governance and create standards aligned to organizational strategy. Amit is currently focusing on establishing data science as a core competency, revamping analytics talent and ecosystem to next levels.

Amit holds a Master's degree in Aerospace Engineering from Indian Institute of Technology (IIT), Bombay, with a specialization in Numerical Optimization.
